

Crazy With Desire

I`m crazy with desire

Completely crazy with desire

girl the night is young and we are all alone

what are you waiting for

I can see no reason not to have some fun

how about it

help a decent boy to get the thrill he needs

there`s nothing wrong with that

strike another match – I love playing with fire

because I`m crazy with desire

completely crazy with desire

right now I`m crazy with desire

hoping you are too

all you gotta do is turn your inside out

the rest will follow then

I get high on you and you get high on me

So why linger

help a decent boy to get the thrill he needs

you won`t regret it babe

once I`m high I`m yearning to get even higher

because I`m crazy with desire

completely crazy with desire

right now I`m crazy with desire

hoping you are too

Devotion`s not a sin

We two can only win

that`s what it`s all about

so everything`s allowed

let`s have a go
